AMERICAN

PRODUCT FEATURES

ALL NEW BOOT SAVER™ STEP

Other trench shovels have a sharp point for a foot pad.

- Flat surface for better foot support
- More comfortable to dig with
- Less wear on work boots
- Better ergonomic position for foot
- Available in Ash, Fiberglass, or Poly Fiber Handles.

STEEL REINFORCED

Steel reinforced fiberglass handle with a Steel Ferrule Connection for a stronger connection point.

Steel Ferrule

Steel Tube Insert, extends into the handle and shovel head for added strength.

Tools made to move the earth.
