41359	12 lb. double-face sledge hammer	36

10 lb. Sledge Mattock

MADE IN THE USA

"2-Tools-In-1; a tool you won't loan out."

- 36" fiberglass handle
- Drop forged tool steel head produces superior strength
- Sledge hammer end has a machined striking face (to help avoid glancing blows)
- Mattock / 3"x5-1/2" cutting blade is tapered for ease of use
- Tool is balanced, making it easy to swing
- Stands on its head, it's easy to grab and doesn't require bending over to pick it up
- Durable fiberglass-clad handle features a polypropylene cover injection-molded around a fiberglass pultrusion. (See Pulaski Axe fiberglass handle information)
- Total head weight: 10 lbs.

MWR Item No.	Description	Handle Length
41362	10 lb. Sledge Mattock	36"
