Best Sellers

Lightweight U-Crack Filler Squeegee

This squeegee is inexpensive, but effective. It is lightweight and **easy to use and is great for filling cracks prior to applying floor coatings or seal coating material.** Its replaceable blade has an inside width of 2-1/2". The blade height is 1-1/4".

Heavy-Duty U-Crack Filler Squeegee

This squeegee is **built for durability.** It has a steel frame with a 5/16" x 2-1/4" neoprene rubber blade. **The 9-1/2" deep by 3" U-shaped cavity holds plenty of material.** Replacement blades are available.

Push/Pull V-Crack Filler Squeegee

This tool is designed to work as a push or pull squeegee by simply reversing the socket attachment. No tools required. The "V" is at a 70 degree angle, using a 1/4" x 2" neoprene rubber blade. The 2 inch height adds greater containment and control of material.
