

# Squeegees to Remove Stuff

## General Purpose Squeegee

**This is the best general squeegee on the market.** This flexible squeegee is excellent for pushing and pulling liquids off hard surfaces. **It is sold as a complete tool - frame, blade and handle. It has an extra-wide 3" reversible neoprene rubber blade for long-lasting use and is available in 24", 36", 48", 60" and 72" widths.** It comes with a 66" powder-coated aluminum handle and wrap-around bracing. **The "clamp-style" frame is equipped with wing nuts and loc washers to prevent loosening and to make blade installation and replacement very convenient and time saving.**

## Straight Blade Squeegee

Our most rugged squeegee, **it is excellent for removing heavier liquids such as mud and for moving fine aggregate. It is sold as a complete tool. The neoprene blade is stiffer than that used on the General Purpose Squeegee, so it scrapes as well as squeegees. Note the placement of the bracing in the middle of the blade.** The 36" head comes with a 66" powder-coated aluminum handle and wrap-around bracing for maximum strength. **The double edge design doubles the life of the blade.**

## DriMaster Squeegee

Using the same head design and neoprene blade material as our Straight Blade Squeegee, the DriMaster comes with a 30" head, twist bracing and a **painted hardwood handle. The double-edge design doubles the life of the blade.**

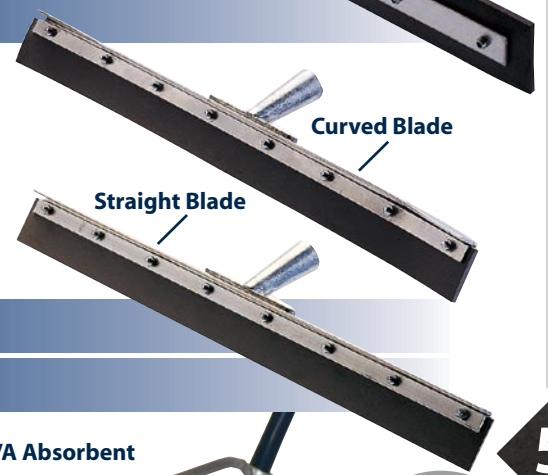

DriMaster 95030

## Medium Duty Squeegee

These squeegees come with either a **straight or curved blade design**, with a durable neoprene rubber blade. The curved blade is excellent for keeping water from spilling around the blade. Each squeegee comes with a cast aluminum "T"-style handle adapter which uses our tapered wood handles shown on page 66. Handles are sold separately.

Curved Blade	18" 47210	24" 47211	30" 47212	36" 47213
Straight Blade	18" 47100	24" 47101	30" 47102	36" 47103

## Roller Squeegees

Called **"The best roller squeegees on the market"** by our customers, these roller squeegees are built to outlast and outperform the competition. The **Non-Absorbent Roller (black)** is excellent for pushing water off hard surfaces as well as compacted dirt or turf. The **Super-Absorbent PVA rollers (blue)** sponge liquids up off hard surfaces. They are excellent for driveways, turf and other hard-surface general applications where fluid removal is needed. **These roller squeegees come with an ergonomic 60" powder-coated aluminum handle and our super-strong wrap-around bracing. Replacement rollers are available.**

24" Non-Absorbent	36" Non-Absorbent	48" Non-Absorbent	36" PVA (Absorbent)
