## Level Pegs

**Stick-Ems™ Level Pegs** are used to achieve a level surface. Use them with your leveling unit. **Cut to height and stick this flexible, self-adhesive rubber/vinyl peg right to the substrate.** Pour leveling product right over the top. The peg will not float to the surface and becomes part of the cement matrix. Gauged in millimeters up to 65 mm (2-1/2").

Description	Pack of 100
Stick-Ems™ Level Pegs	46280

## Solvent-Resistant Gloves

**These nitrile, flock-lined, form fitting gloves are resistant to solvents used regularly within the coating industry.** They are available in three sizes.

Description	Size 9 - L	Size 10 - XL	Size 11 - XXL
Solvent-Resistant Gloves (Pair)	46209	46210	46211

## Handle Options

**Powder-Coated Aluminum Handles with Milled Threaded Tips** - for use with threaded handle adapters. **We designed this milled threaded tip handle to provide the "tightest" fit with our tools that are available with our exclusive threaded handle adapter.** These handles have a durable, milled threaded aluminum tip for added strength - no more broken tips - and come in 60", 66", and 82" lengths. We also have a 60" extension handle available to use with these handles which **has a threaded tip on one end and a threaded receptacle on the other end.**

### Fiberglass Extension Handle

This fiberglass, double-lock, telescopic handle extends from 3 to 6 feet. It has a milled threaded tip that is virtually unbreakable.
